HEROS Group – Group Practice of Dr. Muschaweck and Dr. Rembeck in Arabellapark Munich

HEROS Group – the group practice of Dr. med. Ulrike Muschaweck and Dr. med. Erich H. Rembeck in Arabellapark Munich. After many years of cooperation between Dr. Muschaweck's hernia treatment center and Dr. Rembeck's center for sports orthopedics, the HEROS Group opened a joint practice in Arabellapark Munich in 2010. The project was preceded by extensive feasibility studies at various locations.

The result: concentrated technical medical competence as well as unusual architecture. Surfaces using warm materials like wood, copper and leather create a contrast with the classic/modern, functionally optimized spatial arrangement.
