## VIP-LOUNGE

in the Impuls Arena Augsburg

The VIP lounge for Augsburger Allgemeine Tageszeitung in the Impuls Arena Augsburg is finished. Following two successful projects in the Allianz-Arena Munich, German Haimerl Architekten can now add another VIP box to its portfolio.

The lounge offers high-quality furnishings with room for up to 15 guests, and features private outdoor bleachers.

The highlight of the box is a backlit Corian wall with the newspaper's logo cut into it in an abstract hole pattern.

Modern light and media controls enable a variety of uses and atmosphere settings.
